

**Eureka County Yucca Mountain
Existing Transportation Corridor
Impact Assessment Study**

Table of Contents

I. Executive Summary.....	1
II. Introduction.....	6
III. Union Pacific Railroad Corridor.....	8
A. Introduction and Background	
B. Accident Data	
C. Weather Effects	
D. Current and Historical Train Frequency	
E. Physical Features	
F. Operations and Regulatory Structure	
G. Summary and Conclusion	
IV. U.S. Highway 50, State Route 278, and Interstate Highway 80 Corridors.....	62
A. Introduction	
B. Project Limits	
C. Roadway Terrain and Passing Zones	
D. Route Features	
E. NDOT Roadway Class and Traffic Review	
F. Speed Data	
G. Adjacent Utilities	
H. Accident Data	
I. Weather/Other Effects	
J. Carlin Area Interchanges	
K. Conclusion	

List of Exhibits, Figures, and Tables

Exhibits

1. Location Map and Map Index
- 2 a. Union Pacific Corridor west
- 2 b. Union Pacific Corridor east
- 3 a. Interstate 80 Corridor west
- 3 b. Interstate 80 Corridor east
4. State Route 278 Corridor north
5. State Route 278 Corridor central
6. State Route 278 Corridor south
7. U.S. Highway 50 Corridor
8. Carlin Interchange Configuration

Figures

- III- a Union Pacific Operations in Nevada
- III- b Union Pacific Nevada Northern Routes
- III – c Photograph of 2005 Carlin Derailment
- III – d Eureka County and Vicinity Railroad Accidents per Year, 1975-2005
- III – e Causes of Railroad Accidents In or Near Eureka County
- III – f Eureka County and Vicinity Railroad Accidents: Type of Accident
- III – g Eureka County and Vicinity Railroad Accidents: Type of Track on Which Accident Occurred
- III – h Eureka County and Vicinity Railroad Accidents: Type of Equipment Involved
- III – i Eureka County and Vicinity Railroad Accidents: Speed at Time of Accident Occurance
- III –j Freight Train/Chemical Truck Collision near Beowawe

- III – k Union Pacific Tracks in Palisade Canyon, May, 2005
- III – l Humboldt River Annual Flows at Palisade
- III – m Union Pacific Track near Humboldt River, May, 2005
- III – n Union Pacific Track near Humboldt River, May, 2005
- III – o Historical Trend of Rail Traffic, Carlin to Alazon, 1970-1990
- III – p Billions of Ton Miles, Western U.S. Railroads, 1984-1999
- III – q Photograph of Union Pacific Track "Flyover"
- III – r Key to Profile Drawings
- III – s Profiles of Union Pacific Central Corridor Route through Eureka County
- III – t Profiles of Union Pacific Overland Route through Eureka County
- III – u Photograph of Track, Tunnels, Humboldt River

- III – v Reproduction of pages 30 and 31, Rocky Mountain Region Railfan™ Timetable, Altamont Press, showing description of UP tracks and operating rules in study area
- III – w Photograph of Dunphy area
- III – x Photograph of Rail Bridges near Palisade
- III – y Allowable Gross Weight on Union Pacific Tracks in Eureka County

- IV – a Study Area – Project Limits
- IV – b Typical Eureka County Road Terrain: US 50 at Kobeh Valley/Lone Mountain west of Eureka
- IV – c Typical Drainage: US 50 near Lander/Eureka County Line
- IV – d Typical Drainage: US 50 west of Devil’s Gate
- IV – e Emigrant Pass/I-80 Chain-up/Brake check area
- IV – f Rest stop on US 50, 30 miles west of Eureka
- IV – g Deficient Bridges: Dunphy Area Looking South at I-80
- IV – h NDOT Functional Classification
- IV – i NDOT Traffic Count Stations on I-80 (Eureka County)
- IV – j Historical Traffic on I-80
- IV – k NDOT Traffic Count Stations (Eureka County)
- IV – l Historical Traffic on SR 278
- IV – m Historical Traffic on US 50
- IV – n NDOT Speed Monitoring Locations
- IV – o Number and percent of Crashes per County
- IV – p Stuck Semi Truck

Tables

- III – a Eureka County and Vicinity Railroad Accidents, Track and Equipment Damage, Injuries
- III – b Eureka County and Vicinity Railroad Accidents: Accidents Involving Hazardous Materials
- III – c Railroad Accident Rate Calculations
- III – d Railroad Inspections in Nevada, 2004

- IV – a Eureka County Bridge Deficiency List
- IV – b Historical Annual Average Daily Traffic on I-80
- IV – c Historical Annual Average Daily Traffic on SR 278
- IV – d Historical Annual Average Daily Traffic on US 50
- IV – e Annual Speed Monitoring Program Stations
- IV – f NDOT Right-of-way Permits in Eureka County
- IV – g Number and Percent of Crashes by County
- IV – h Top Five Primary Crash Types by Severity-Eureka County 2002
- IV – i Eureka County Three-Year Accident Data

- IV – j October 2000 through October 2003
- IV – j Eureka County Ten-Year Accident Data January 1994
 through July 2005
- IV – k Eureka County Ten-Year Accident Data Accident rates
 January 1994 through July, 2005
- IV – l Eureka County Accidents on I-80 January 1994 – July 2005
- IV – m Eureka County Ten-Year Work Zone Accident Data January
 1994 through July 2005

List Of Appendices

- A. References, annotated
- B. Rail accidents/incidents in study area, detailed tables:
 - Railroad Accidents in Eureka County, 1975-2005
 - Railroad Accidents in Lander County Between Battle Mountain and the Eureka County Line, 1975 – 2005
 - Railroad accidents in Elko County Between Maggie Creek and the Eureka County Line, 1975-2005
 - Highway/Rail Crossing Incidents in Eureka County, 1975-2005
- C. Photographs of May, 2005 Carlin derailment
- D. Wildland Fires in Eureka County and vicinity potentially linked to railroad operations, 1999-2005
- E. Photographs of May, 2005 Humboldt River high water
- F. American Association of Railroads Circular No. OT-55-G:
Recommended railroad operating procedures for the transportation of hazardous waste
- G. Department of Energy July, 2005 policy statement regarding shipment of waste to Yucca Mountain by dedicated trains
- H. Response letter from Nevada Senators Ensign and Reid to DOE policy statement regarding shipment of waste by dedicated trains
- I. Rail and highway regulations relative to the transportation of radioactive materials and their applicability to states, tribes, shippers, and carriers
- J. NDOT Annual Average Daily Traffic: I-80, US-50, SR-278
- K. NDOT Annual Speed Monitoring Program
- L. NDOT Encroachment Permits: I-80, US-50, SR-278
- M. NDOT Accident Data: I-80, US-50, SR-278
